Product design leader with 25+ years building UX organizations across Fortune 500 retail, B2B cybersecurity, and high-growth startups. Leads UX strategy and execution for enterprise platforms serving millions of users — driving growth, engagement recovery, revenue enablement, and risk reduction. I practice design-led AI: design governs where, when, and how AI is applied, with human intent before automation and design judgment over output. Player-coach, not corner office.

WORK EXPERIENCE

Dollar General × Agilitee • Remote • 01/2022 - 01/2026

Sr. Director of Product Design — Embedded via Agilitee

- Owned UX strategy and execution across App, Web, POS, OMS, and in-store platforms for a Fortune 500 retailer; grew MAU from 5M to 6.6M+ (+20.9% YoY) with trajectory toward 12M+.
- Built and scaled a multidisciplinary design and research team across multiple product pods; drove 130%+ YoY engagement growth through myDG Wallet redesign that reversed double-digit decline.
- Drove Cash Back program from pilot to nationwide rollout — \$9M in customer savings, 191% YoY clip growth, 209% YoY redemption growth. Launched Same-Day Delivery UX across 2,000+ pilot stores with roadmap to 15,500+ locations.
- Led UX execution for 1,200+ deliverable website migration across 52 team members spanning 12 time zones; directed RBA and TFA redesign preventing 75,000 user dead-ends and increasing email verification from 28% to 45%+.
- Established tokenized design systems for DG and pOpshelf brands with shared component architecture and Figma workflows adopted across engineering — building the foundation for AI-accelerated design iteration.
- Integrated AI into design workflow to compress multi-sprint efforts into weeks; managed team capacity across four concurrent workstreams while maintaining hands-on contribution alongside strategic oversight.
- Influenced executive roadmap through embedded research and CDO, Product, and Engineering partnerships; stood up Agile UX operating model with sprint planning, cross-functional reviews, and embedded research rhythms.
